Introduction

This By-Law provides guidelines on the manner in which the game of golf should be played, and the expectations of the Club in respect to dress standards for both Golf and Bowls. If they are followed, all players will gain maximum enjoyment.

The game relies on the integrity of the individual to show consideration for other players and to abide by the Rules, irrespective of how competitive that Member may be.

A summary of key points about etiquette can be found in the Club's Annual Programme booklets. The low marker in each game is responsible for the observance of Etiquette standards including the pace of play.

The Club does have a relaxed dress code but Members, Guests and green fee players need to be aware that there are limitations. Dress Standards are also prominently displayed at the Club.

Players must also comply with the Codes of Conduct contained in Club By-Laws.

1. Safety:

- a) Players must conduct themselves in accordance with the Club's OH&S Policy.
- b) Pitching into the practice putting green is only permitted when it will not risk the safety of, nor disadvantage other Players, and not from beyond a radius of 5 metres at any time.

- c) Players should ensure that no one is standing close by or in a position to be hit by the club, the ball or any dislodged material when they make a practice swing or stroke.
- d) Players should not play until the players in front are out of range.
- e) Course staff, assisting volunteers or contractors have right of way at all times and they must be alerted if a stroke might endanger them.
- f) If a Player plays a ball that is in danger of hitting someone they should immediately shout a warning. "Fore" is the traditional shout of warning.

2. Consideration for other players:

Ready to play and pace of play

- a) Bags or carts should be left in such a position as will enable quick movement to the next tee and no delay or interference to following players.
- b) In order to keep the game moving at an enjoyable tempo, when the play of a hole has been completed, Players should immediately leave the putting green. And, the Player who has the honour should be ready to tee up straight away.
- c) Consideration may also be given to highest handicappers playing first rather than all waiting for the group in front to be out of range of the longest driver, for example on the first tee of the round. Except where this would be against the rules or inappropriate in a particular type of competition.
- d) Players should be ready to play as soon as it is their turn.
- e) Players should play in accordance with local rules about pace of play, and at a pace that enables them to be as close as practical to the group in front without danger of 'hitting up' nor creating undue pressure.

- f) When a group has lost one clear hole on the group in front they should invite the following group to 'play through'. Alternatively, the following group may request to be allowed to 'play through'.

Lost Ball

- a) If a Player considers their ball to be lost outside a water hazard, or to be out of bounds, they should play a provisional ball.
- b) Players searching for a ball should signal the group behind to play through as soon as it is apparent it will not easily be found. They should not search for 5 minutes before doing so.

- a) Players should avoid causing damage by removing divots with practice swings or by hitting a club into the ground in anger.
- b) Players should avoid damage to the putting green or the hole when putting down bags or the flag or leaning on a club. They should not stand too close to the hole. The head of a club must not be used to remove a ball from the hole.
